

Sponsoring-Projekt new benches Aeschi - Aeschiried - Grebereg

Do you feel connected to Aeschi and want to make a small contribution to increase the attractiveness of our beautiful surroundings? Do you like to walk and appreciate it every now and then to take a seat on a cozy bench with a beautiful view along the path?

If so you can support our project on the bench-trail from Aeschi to Aeschiried or along the hiking trail Aeschiried - Grebereg! We look forward hearing from you.

Your contribution shows great effect

- Select one of the possible locations
- decide what dedication you would like to have engraved on the back of the bench
- You pay the amount of CHF 650.00 to Aeschi Tourisme

Our services

We will arrange everything for you so that your seat is created, announce the desired engraving to the carpenter (up to 15 letters inc., more letters on request) and place the bench at the agreed location. The bench is placed and presented with a photo and short text on the website of Aeschi Tourism.

The benches

For the benches we use local spruce wood.

The seat is treated with weatherproof oil.

Your bench will look similar to the pictures below. Requests for changes are gladly taken into consideration, but can be associated with higher costs.

Aeschi Tourismus is responsible for the upkeep and any repairs.

What is the idea of this project?

Since 2011, Aeschi Tourism has pursued the goal of promoting the attractiveness of Aeschi and the region by setting up beautiful, individual benches. With success: there are already 15 works of art along the signposted Bänkli circular route, which are enjoying great popularity.

Further information can be found at www.aeschi-tourismus.ch

Who makes the benches?

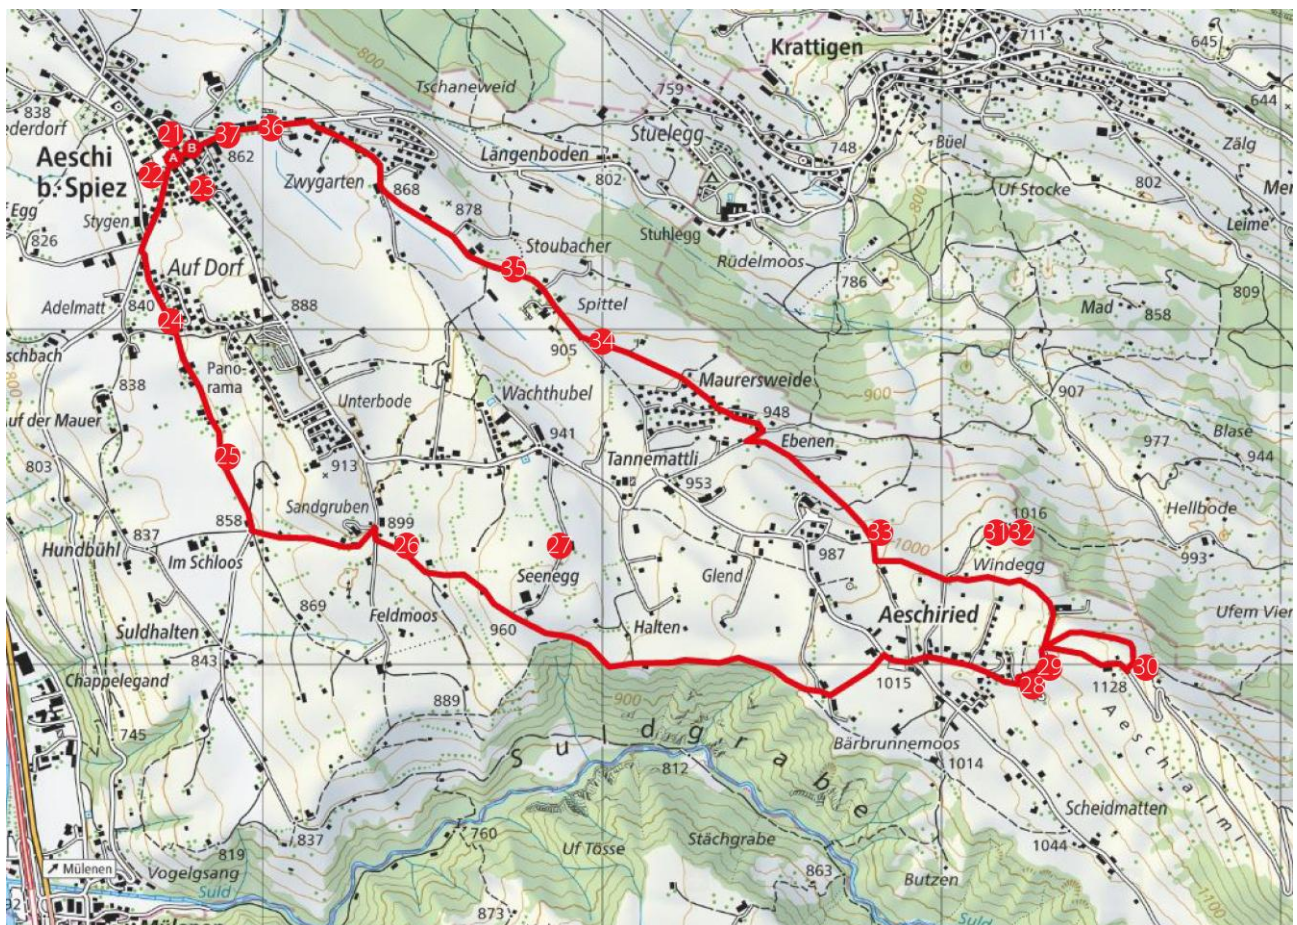

Our Ranger, carpenter and horticulture specialist Jakob Zaugg from Aeschiried will build the bench for you. Thanks to his many years of experience and his high quality awareness you will receive an excellent product.
